### INNOVATION FOR PERFECTION

Powerlite Peeler 2.0 is a compact, multifunctional device with microdermabrasion, ultrasound and ionizer. This makes it possible to offer a range of different combination treatments providing optimal results.

Treatment areas;

- Deep cleansing
- Skin resurfacing
- Effective penetration of active ingredients
- Lifting of loose skin
- Muscle relaxation/micro massage

Treatments can be carried out on both face and body and are suitable for men and women.

POWERLITE PEELER 2.0 IS MADE IN SWEDEN.
